

Farzane Naghshbandi — AI Developer & Software Engineer

■ naghshbandy.f@gmail.com | ■ +98 919 097 0524 | ■ Tehran, Iran

Date of Birth: 6 September 1994 | Marital Status: Single

Professional Summary

I am a highly creative and hardworking professional with strong expertise in Artificial Intelligence, software engineering, and digital innovation. I have developed multiple AI-based systems and applications for both government and private sectors. In 2024, I was invited to the 'Everything AI' event and GITEX Global in Dubai, where I participated in multiple AI workshops and achieved top scores. With over 1000 students trained in AI and chatbot development, I am passionate about education, innovation, and delivering exceptional results.

Skills

- Artificial Intelligence (AI), Machine Learning (ML), Data Science
- AI Prompting, LLMs (ChatGPT, Gemini, Copilot)
- Python, Django ORM, FastAPI, Laravel, React (JS/TS), TypeScript
- WordPress (Elementor, WooCommerce, APIs, Responsive UI)
- Git, Docker, PostgreSQL, SQL, Big Data Analysis
